

COPD & ASTHMA NETWORK OF ALBERTA

Resource Catalogue

Asthma & COPD Education

Resource Catalogue

Asthma & COPD Education

This Resource Catalogue is designed to link practitioners with existing expertise, particularly for asthma and COPD education. The mission of the COPD & Asthma Network of Alberta (CANA) is to unite healthcare professionals and partners for excellence in the prevention, promotion, and management of COPD and asthma in our province. Lead by an interdisciplinary Advisory, CANA's strength lies in the diversity and combined experience of our members. Established in 2003 as an evolution of the former Alberta Asthma Network, CANA's 250 members represent all of Alberta's Health Zones.

To find out more, to access other resources, or to become a member, please visit our website.

1100 Youville Dr.
Edmonton, Alberta T6L 5X8

Phone: (780) 735 - 7178
Fax: (780) 735 - 7343
Referral: Physician
Target: Primarily adults, but not exclusive

Program Description: Consists of individual information sessions, personalized to meet the patient needs. Follow-up, diagnostic and routine lung function, bronchoprovocation studies and exercise challenge services are offered as required.

COPD

See Rehabilitation on pages 29, 32 and 40.

Misericordia Hospital
Child Health Asthma Clinic

3 West, 16940 87 Ave
Edmonton, AB T5R 4H5

Phone: (780) 735-2731

Fax: (780) 735-2794

Referral: Physician

Target: Pediatric patients, ages 0-16, and their caregivers

Program Description: A pediatrician and RRT/RN Certified Asthma Educators (CAE) assess the patient with referrals to other professionals as applicable. Sessions include pulmonary function testing, asthma education, and development of an action plan. A progress report is sent to the patient's family doctor with a copy of the action plan.

Misericordia Hospital
Adult Asthma Clinic
3 West, 16940 87 Ave
Edmonton, AB T5R 4H5

Phone: (780) 735-2979
Fax: (780) 735-2522
Referral: Anyone can refer
Target: Adults with asthma

Program Description: Clients receive pulmonary function testing, respiratory assessment, and individual education focused on the pathophysiology of asthma, triggers, medications, device use, and environmental control. Self-management principles are reinforced - targeting peak flow monitoring, symptom tracking, and development of an action plan. All information is communicated back to the family physician for continuing follow-up of asthma care.

COPD

See Rehabilitation on pages 29, 32 and 40.

Provincial Toll-Free Help Lines

The Smokers' Help Line

Tel: 1 - 866 - 33AADAC (1 - 866 - 332 - 2322)

Web: www.tobacco.aadac.com/smokers_help_line

AADAC's Smokers' Help Line is a free, confidential telephone service for smokers. Calls are answered by a trained counsellor who can help develop an individual quit plan, offer information, or refer to services available in the local community. The Smokers' Help Line operates from 8 am to 8 pm. Outside of these hours, general support is provided or arrange to have a tobacco counselor call.

The Lung Association BreathWorks™ Program

Tel: 1 - 866 - 717 - COPD (2673)

Web: www.lung.ca/breathworks

BreathWorks™ is a COPD management program designed to help patients and their families cope with the emotional hurdles and physical challenges of living with COPD. The program consists of a free telephone helpline service as well as free information in the form of fact sheets (medication, oxygen, and exercise) and a planbook. This easy-to-understand 41-page guide is filled with information to help patients prevent the progression of the disease, relieve their symptoms, and manage their COPD. COPD Educators provide information and support to helpline callers. Available Monday to Friday, 9:00am - 4:30pm, messages can be left for call-back - 24 hours/day, 7 days/week.
